L'effetto cemento è sempre di grande tendenza, utilizzato per soluzioni abitative, esterni e spazi pubblici. Ecco perché Ceramica Rondine aggiunge alla collezione Materie, caratterizzata anche dagli effetti cementizi, la serie Concrete declinata in nuance di grande tendenza che passano dal Dark al Taupe, dal Sand al Light Grey e al White. Delicata ed elegante, Concrete è proposta in diversi formati, che variano dal 60x120 fino al 30x60 ed è ideale per interni di pregio, ma anche per esterni grazie alla superficie Grip in 80x80 e alla lastra da 2 cm di spessore sempre in formato 80x80.

The concrete effect is always of great tendency, used for housing solutions, exteriors and public spaces. That's the reason why Ceramica Rondine adds to the family of cement effects the Concrete series, which are declined in nuances of great tendency ranging from Dark to Taupe, from Sand to Light Gray and White. Delicate and elegant, Concrete is available in various formats, ranging from 60x120 up to 30x60 and is ideal for valuable interiors, but also for exteriors thanks to the Grip surface in 80x80 and the 2 cm thick slab in 80x80 format.

PIASTRELLA CON LEGGERA VARIAZIONE DI TONO E GRAFICA

Tiles with slight shade and aspect variation
Carreaux avec faible différence de nuance et structure
Fliesen mit leicht unterschiedlichen Tonalitäten und Muster
Плитка с легким изменением оттенка и рисунка

Per i formati rettangolari, si consiglia una sfalsatura tra ciascuna piastrella non superiore a 6-10 cm
Fuga consigliata: minimo 3 mm. per prodotti non rettificati; minimo 2 mm. per prodotti rettificati
When laying, you are recommended not to stagger the rectangular tiles by more than 6-10 cm (2"-4")
Suggested joint: 3 mm minimum for non-rectified products; 2 mm minimum for rectified products.
Pose conseillée avec un décalage entre chaque listel non supérieur à environ 6-10 cm
Joint conseillée: 3 mm minimum pour produits non rectifiés; 2 mm minimum pour produits rectifiés.
Wir empfehlen eine Verlegung mit einer Verschiebung zwischen den einzelnen Leisten von nicht mehr als ungefähr 6-10 cm
Empfohlene Fuge: mindestens 3 mm für nicht rechtwinklig geschliffene Produkte; mindestens 2 mm für rechtwinklig geschliffene Produkte.
Рекомендуется укладка с разномом элементов друг относительно друга, не превышающим прилб 6-10 см
Рекомендуемый шов : минимум 3 мм для неректифицированных материалов и минимум 2 мм для ректифицированных

GLOSSY FINISH
SUPERFICIE LUCIDA

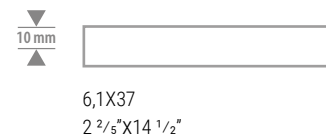

LE LACCHE

LE MATERIE

Un nuovo formato, 6,1x37 cm, per l'ultimo rivestimento firmato Ceramica Rondine. La serie "Le Lacche" riprende in chiave minimal l'aspetto caratteristico della majolica più tradizionale, per poi declinarla in toni estremamente moderni e di tendenza. Le numerose grafiche che lo contraddistinguono, la lucentezza della superficie e le diverse strutture che caratterizzano il prodotto, rendono possibile realizzare ambienti sempre diversi, sia in ambito residenziale che commerciale, ma dal fascino eterno.

A new format, 6.1x37 cm, for the last wall tile by Ceramica Rondine. The "Le Lacche" series recalls in a minimal key the characteristic aspect of the most traditional majolica, and then declines it in a modern and trendy way. The numerous patterns that distinguish it, the brightness of the surface and the different structures that characterize the product, make it possible to create different spaces, both in residential and commercial, but with a touch of eternal charm.

INDUSTRIAL COLOR CHIC

LE MATERIE

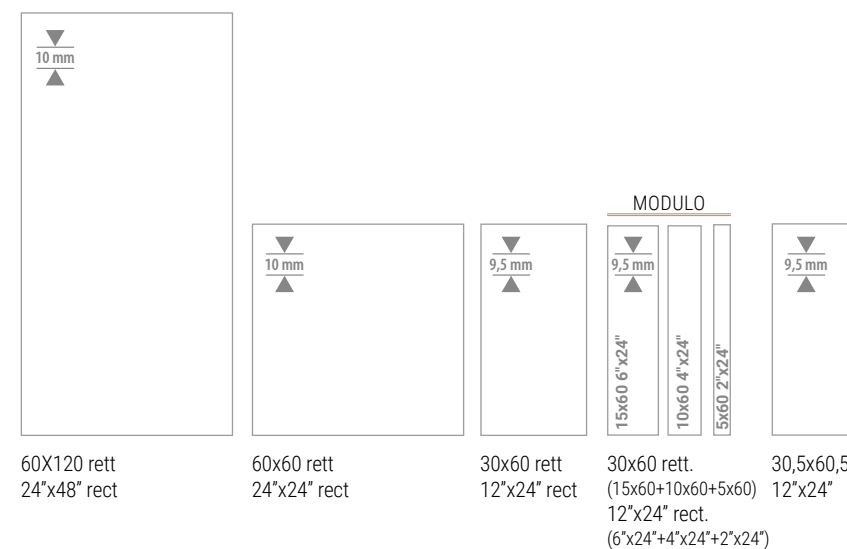

Cemento e colore: ecco il binomio che da origine ad una collezione che lascerà stupiti per le soluzioni di posa per nulla scontate.

ICC riproduce l'effetto cemento in toni inusuali, dando origine a giochi cromatici e abbinamenti di design.

Disponibile nei formati rettificati 60x120, 60x60, 30x60 e nell'innovativo Modulo, oltre che in 30,5x60,5, si dimostra perfetta per diversi tipi di utilizzi, dalle attività commerciali che desiderano uno spazio ricercato, a soluzioni abitative moderne e uniche.

Cement and color: this is the combination that gives rise to a collection that will leave you astonished by the possibilities of laying for nothing obvious. ICC reproduces the concrete effect in unusual tones, giving rise to chromatic effects and design combinations.

Available in rectified sizes 60x120, 60x60, 30x60 and in the innovative Module, as well as in 30.5x60.5, it proves perfect for different types of use, from commercial activities that want a refined space, to modern and unique living solutions.

LE MATERIE

L'imperfezione è il segno distintivo di questa collezione, che riproducendo un effetto di vissuto ferma il tempo e si propone come rivestimento e pavimento in stile contemporaneo per ambienti unici e inconfondibili. Un cemento che trasmette emozioni e fa vivere gli spazi abitativi.

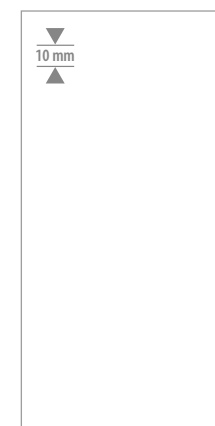

Disponibile in 4 colorazioni Beige, Ice, Grey e Dark, raggiunge la sua massima espressività nei formati 60x120, 80x80 e 40x80 tutti rettificati.

Disponibile anche in formato 13x25, ogni colore è corredato da un decoro damascato in 80x80.

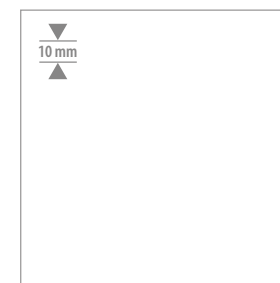

Imperfection is the hallmark of this collection, which reproduces an effect of lived-in time and is proposed as a contemporary style floor and wall covering for rooms with an unmistakable style. A cement that transmits emotions and makes living spaces live.

Available in 4 colors Beige, Ice, Gray and Dark reaches its maximum expressiveness in the sizes 60x120, 80x80 and 40x80 all rectified.

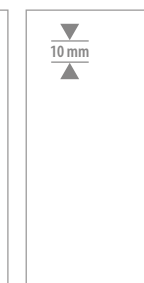

Also available in 13x25 format, each color is accompanied by a damask decoration in 80x80.

OXYD

LE MATERIE

Di grande tendenza è l'effetto ossidato di Oxyd, non scontato, non usuale e di grande impatto. L'usura del tempo che passa, gli effetti degli ossidi che attaccano la materia, le imperfezioni che diventano motivi caratterizzanti: tutto questo diventa stile inconfondibile, per un mix che non passa inosservato. Modernità con quel tocco anche un po' vintage che non stanca e rende unico l'ambiente senza essere troppo eccentrico. Disponibile in 6 colorazioni e 5 formati, si contraddistingue anche per il nuovo listello in 6,1x37 perfetto per rivestimenti di grande forza ed eleganza.

The oxidized effect of Oxyd, which is not obvious, unusual and of great impact, is very trendy. The wear and tear of passing time, the effects of the oxides that attack the material, the imperfections that become characterizing motifs: all this becomes an unmistakable style, for a mix that does not go unnoticed. Modernity with even that touch of vintage that does not tire and makes the environment unique without being too eccentric. Available in 6 colors and 5 sizes, it is also distinguished by the new strip in 6.1x37 perfect for coverings of great strength and elegance.

20,3X20,3
8"x8"

Dal cemento degli anni '30 al gres porcellanato moderno: Ceramica Rondine ferma il tempo e ripropone tutta la versatilità delle cementine con la serie Swing.

Il classico formato 20,3x20,3 da pressa è la base per decorazioni che richiamano, miscelandole tra loro l'Op-Art e l'Art Deco, creando suggestive trame ipnotiche in grado di arredare da sole gli ambienti.

La particolare tecnica di pressatura senza distanziale, permette di posare le ceramiche con una fuga minima.

Ideali per pavimenti e rivestimenti, i decori singoli e mix a 19 soggetti, nelle tre gamme beige, blu e bianco&nero, sono accompagnati da 5 fondi a tinta unita perfettamente abbinabili.

From the Portland cement born in the 30s to the modern porcelain stoneware: Ceramica Rondine stops the time and proposes all the versatility of the cement tiles with the Swing series.

The classic 20.3x20.3 moulded format is the base for decorations that recall, a mix of Op-Art and Art Deco, creating suggestive hypnotic textures able to set-up the rooms alone.

Ideal for floors and walls, the single decors and 19-piece mixes, in the three beige, blue and black and white ranges, are accompanied by 5 perfectly matching plain-colored tiles.

TUSCANY

LE MATERIE

Dal recupero di una antica pavimentazione di una residenza fiorentina del 1400, nasce l'ispirazione per Tuscany, un "cotto" in gres porcellanato che si inserisce nella più consolidata tradizione italiana.

Adattandosi perfettamente sia a uno stile classico che contemporaneo, grazie alla tradizionale struttura del "cotto", abbinata a una colorazione moderna e di tendenza, la tavella in 20,3x40,6 e il nuovo formato 40,6x40,6 cm riescono a interpretare il gusto di un pubblico sempre più vasto.

Ideale anche per chi desidera ricreare un'atmosfera dal sapore squisitamente country per i propri spazi d'accoglienza, senza ovviamente rinunciare alla praticità e comodità del gres porcellanato, viene prodotta in due strutture differenti: una più morbida e leggera per gli interni e l'altra più ruvida e profonda per gli esterni.

Tuscany, a "cotto" in porcelain stoneware that fits into the most consolidated Italian tradition, was inspired by the recovery of an ancient flooring of a Florentine residence of the 1400s.

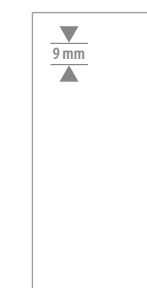

Adapting perfectly to both a classic and contemporary style, thanks to the traditional "cotto" structure combined with modern and trendy colors, the 20.3x40.6 and 40.6x40.6 cm tiles manage to interpret the taste of an ever-wider audience.

Ideal also for those who want to recreate an exquisitely country-like atmosphere for their own commercial spaces, without obviously giving up the practicality and comfort of porcelain stoneware, it is produced in two different structures: one softer and lighter for the interiors and the other more rough and deep for the outdoors.

SAN GIMIGNANO

Data la struttura irregolare dei bordi della tavella, che richiama la manifattura artigianale del classico cotto fiorentino, per esaltare le qualità estetiche del prodotto, si consiglia una fuga minima di 4 mm.
Given the irregular structure of the edges of the tile, which recalls the traditional craftsmanship of the Florentine "Cotto", to enhance its aesthetic qualities, we recommend a minimum joint of 4 mm.

La nuova collezione effetto legno, Aspen, si ispira al legno Ontano, essenza molto resistente. Le asce ricavate, non particolarmente nodose, hanno colorazioni molto stonalizzate che Ceramica Rondine ha voluto ricreare in gres porcellanato, ottenendo un prodotto che può essere utilizzato per la pavimentazione ed il rivestimento di una baita di montagna, così come di in un loft in città, visto la gamma di colori che vanno da un Beige più classico, a un Dark decisamente più moderno.

Realizzato in 2 formati da pressa: 15x100 ed il nuovissimo 20.5x100. La gamma si compone di 4 colori e un decoro, in formato 20.5x20.5, per la realizzazione di "tappeti" e rivestimenti.

Si aggiunge alla collezione Foresta di Gres, un nuovo effetto legno: colori uniformi e assenza di nodi solo le sue particolarità. Cottage trae ispirazione dal rovere termotrattato, un legno che subisce un trattamento di essiccazione a temperature altissime che gli dona un colore omogeneo rendendo più tenui le tonalità scure. Proprio per questo motivo è ideale per arredare in modo semplice vestendo con assoluta raffinatezza ed eleganza ogni ambiente. Proposto nel formato 20x120 cm è disponibile in 5 colorazioni che restano sempre di grande tendenza e con un decoro a tendina in coordinato.

Add to the range of Foresta di Gres products, a new wood effect: uniform colors and absence of knots only its particularities. Cottage is inspired by heat-treated oak, a wood that undergoes a drying treatment at very high temperatures which gives it a homogeneous color, making the darker shades softer. This is ideal for furnishing in a simple way, dressing every living environment with absolute elegance and elegance. Available in the 20x120 cm format, it is available in 5 colors that remain always of great tendency and with a coordinated curtain decoration.

Dalle cave del Belgio arriva un sapore del tutto nordico che rende omaggio alla pierre bleu, pietra del patrimonio architettonico belga.

Blue Stone, la nuova serie firmata Rondine si propone in due formati 60x60 e 80x80 e in tre colorazioni Grey, Taupe e Black che riprendono la colorazione tradizionale della pietra naturale, ma sanno anche reinterpretarla in chiave moderna.

From the quarries of Belgium comes a completely Nordic flavor that pays tribute to the pierre bleu, stone of the Belgian architectural heritage.

Blue Stone, the new series signed Rondine is proposed in two sizes 60x60 and 80x80 and in three colors Gray, Taupe and Black that reflect the traditional color of natural stone, but also reinterpret it in a modern way.

Uno stile dal sapore più classico che si adatta però ad ogni soluzione d'ambiente.

Disponibile nei formati 60x120, 20x120 e 30x60 rettificati e 30,5x60,5, vanta anche il 30.5x60.5 strong per dare continuità tra l'ambiente interno ed esterno.

Colorazioni decise che per i più audaci possono essere messe a contrasto con un arredo industrial o minimal, per creare un atmosfera dal sapore elegante e moderno, si affiancano ad altre più tenui e rassicuranti enfatizzando così tutti i vantaggi del gres e tutta la bellezza dell'effetto pietra e delle sue sfumature.

A style with a more classic flavor that adapts itself to any environment solution.

Available in 60x120, 20x120 and 30x60 rectified formats, it also boasts 30.5x60.5 matt and strong to give continuity between the internal and external environment.

Decisive colors that for the most audacious can be contrasted with an industrial or minimal furniture, to create an atmosphere with an elegant and modern flavor, are flanked by other more subtle and reassuring emphasizing all the advantages of stoneware and all the beauty of stone effect and its nuances.

Per i formati rettangolari, si consiglia una sfalsatura tra ciascuna piastrella non superiore a 6-10 cm
Fuga consigliata: minimo 3 mm. per prodotti non rettificati; minimo 2 mm. per prodotti rettificati
When laying, you are recommended not to stagger the rectangular tiles by more than 6-10 cm (2"-4")
Suggested joint: 3 mm minimum for non-rectified products; 2 mm minimum for rectified products.
Pose conseillée avec un décalage entre chaque listel non supérieur à environ 6-10 cm
Joint conseillée: 3 mm minimum pour produits non rectifiés; 2 mm minimum pour produits rectifiés.

Wir empfehlen eine Verlegung mit einer Verschiebung zwischen den einzelnen Leisten von nicht mehr als ungefähr 6-10 cm
Empfohlene Fuge: mindestens 3 mm für nicht rechtwinklig geschliffene Produkte; mindestens 2 mm für rechtwinklig geschliffene Produkte.
Рекомендуется укладка с разномом элементов друг относительно друга, не превышающим прилб 6-10 см
Рекомендуемый шов : минимум 3 мм для неректифицированных материалов и минимум 2 мм для ректифицированных

Ispirata all'antica via consolare da cui prende nome, nasce la serie Aurelia.

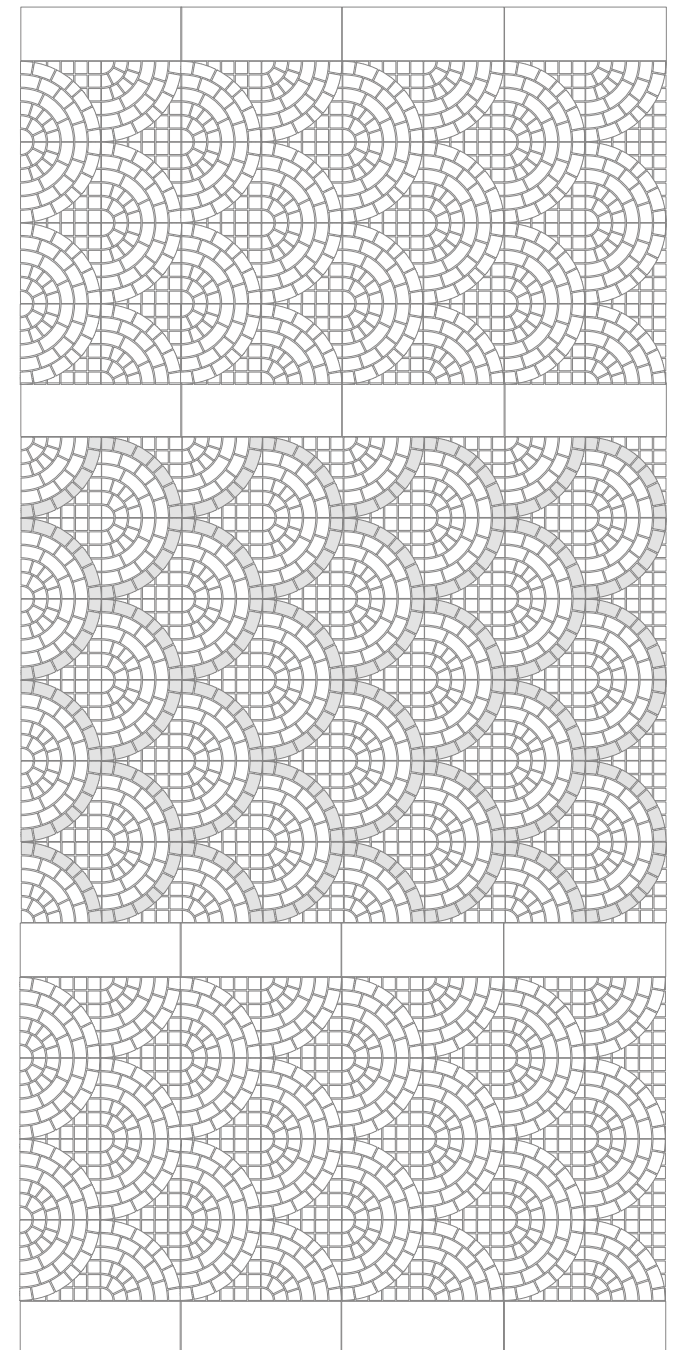

L'innovativo progetto di Ceramica Rondine dedicato alla pavimentazione in esterno, che richiama il classico "sampietrino" in porfido, su una lastra in gres porcellanato 60x60cm a spessore 2 cm. Adatto ad infinite soluzioni per rivestire pavimentazioni di grandi spazi pubblici, dagli outlet alle stazioni balneari, come anche per l'utilizzo in ambito residenziale e commerciali per viali, terrazze, bordi piscine, cortili, consente di ricreare le stesse trame delle tradizionali pavimentazioni cittadine, grazie al disegno a coda di pavone e allo straordinario aspetto realistico della superficie.

*Inspired by the ancient consular road from which it takes its name, the Aurelia series is born.
The innovative project of Ceramica Rondine dedicated to outdoor flooring, which recalls the classic "sampietrino" in porphyry, on a 60x60cm porcelain stoneware slab with a thickness of 2 cm. Suitable for endless solutions for covering floors in large public spaces, from outlets to seaside resorts, as well as for use in residential and commercial spaces for avenues, terraces, swimming pools edges, courtyards, allows you to recreate the same textures of traditional city floors, thanks to the peacock tail design and the extraordinary realistic appearance of the surface.*

EMILIA

H20
COLLECTION

Emilia, prende il nome dall'antica Via Emilia fondata più di 2000 anni fa dal console romano Marco Emilio Lepido, ed è il risultato dell'unione tra gres porcellanato spessorato, la classica forma del blocchetto e le varietà di colori ed effetti micacei della quarzite. Come suggerisce l'origine del nome, è una serie di particolare rilevanza: caratteristiche tecniche elevate, carrabilità e ingelività la rendono ideale per molteplici usi, mentre gli effetti cromatici che risplendono alla luce del sole donano a questo effetto pietra un'inconfondibile bellezza.

Emilia, takes its name from the ancient Via Emilia founded more than 2000 years ago by the Roman consul Marco Emilio Lepido, and is the result of the union between thick porcelain stoneware, the classic shape of the block and the variety of colors and micaceous effects of the quartzite . As the origin of the name suggests, is a series of particular relevance: high technical characteristics, driveability and frost resistance make it ideal for multiple uses, while the chromatic effects that shine in the sunlight give this stone effect an unmistakable beauty.
